

For 2026 Toby's Fund has proudly given the following grants:

Planned Parenthood Illinois: Our focus at Toby's Fund has always been to help subsidize abortion care for those who cannot afford it. Our most substantial grant has been to Planned Parenthood Illinois who has been a wonderful and reliable partner for McHenry County folks who believe in bodily autonomy. PPIL does invaluable work and we are proud to support them.

Their website is: <https://www.plannedparenthood.org/planned-parenthood-illinois>

The Care Center of the Northwest Coalition Against Sexual Assault (NWCASA). Located in both McHenry County and Arlington Heights, NWCASA attends to all the needs of survivors of Sexual Assault. Tragically, assaults have **increased** in the current political environment. For 2026 and for many years, Toby's Fund has supported NWCASA as they strive to help sexual assault survivors to regain their decision-making will after an assault. Like Planned Parenthood, NWCASA does wonderful work and we are proud to support them.

Toby's Fund has long partnered with **The American Society for Emergency Contraception (ASEC).** Without judgment, ASEC helps those in need of affordable emergency contraception without barriers or stigma. They have been generous to the McHenry County community by assisting us to provide this service to all our constituents. ASEC does tireless work and we are proud to support them.

McHenry County is lucky to have **Warp Corps** serving the people of McHenry County! Located in Woodstock, Warp Corps has been active since. Their Outreach to the unhoused has been the main focus of Toby's Fund for many years. We consider their provision of a 'safe space' and safe, non-judgmental sexual needs to be an invaluable resource. Their work is outstanding and we are proud to support them!
